"SC" - Snap-on comb can be used over 10, 30, 35 or 40 blades
 "OR" - (ex. 10 or 15) - Select the blade according to how long you want to leave the coat
 "X" - (ex. 7 & 7FC) - Use the "skip tooth" (i.e. 7) blade before bathing and the "finish cut" (i.e. 7FC) blade after bathing to complete the cut
 "10" - (7FC to 3/4" HT) - Select the blade according to the size of the animal and length you want to leave
 Universal Comb Sets Available (Snap-on combs):
 8 pc. Large comb set item #12990; 9pc. Small comb set, item #12860
 Blade cutting lengths listed are against natural lie of the coat. Cutting with lie of the coat leaves hair one size longer (ex. #7 cut with lie of the coat = length of #8). All suggested body blades should be used with the lie of the coat.
 DO NOT use with skip tooth blades on cats. Keep skin taut when clipping dogs and cats.
